7.THE ASSUMPTION OF THE BLESSED MARY VIRGIN :On November 1, 1950, Pope Pius XII declared the Assumption of the Blessed Virgin Mary, which the Church celebrates every year on August 15. Simply put, the dogma of the Assumption states that at the end of her life, the Blessed Virgin Mary was taken, body and soul, into Heaven. While this event isn't reflected in Sacred Scripture, it is clearly part of the Church's earliest observance. In the sixth century, St. John Damascene wrote in one of his sermons, "Your sacred and happy soul, as nature will have it, was separated in death from your most blessed and immaculate body, and although the body was duly interred, it did not remain in the state of death, neither was it dissolved by decay; your most pure and sinless body was not left on earth, but you were transferred to your heavenly throne.

Natural Family Planning offers us a way to reflect once again on 'the beginning,' to be reminded how true, good, and beautiful has been God's loving plan for the family ever since Genesis. Cooperating with the natural order gives room for the seed of the family to grow with generosity and gratitude, to become what it's meant to be." - Rev. George Rumley, OSB.

The Catholic Church supports the methods of Natural Family Planning (NFP) because they respect God's design for married love. NFP reflects the dignity of the human person within the context of marriage and family life, promotes openness to life, and recognizes the value of the child. By respecting the love-giving and life-giving natures of marriage, NFP can enrich the bond between husband and wife.
